ARTIST STATEMENT & CREATIVE PROCESS

This body of work is semi-abstract and celebrates the roles, responsibilities, and tireless labour of African mothers. Amid the demands of daily hustle, they continue to balance nurturing, caregiving, and the weight of extensive domestic responsibilities. The works honour the resilience, beauty, and inner strength of African women, whose quiet sacrifices sustain families and communities.

“WHAT CHALLENGE(S) DID YOU FACE WHILE CREATING THIS PIECE, AND HOW DID YOU WORK THROUGH THEM?”

The challenge was about getting time from my demanding schedule to complete my work. The challenges were not major. Its more of finding time as a teacher and an artist and a family man, coupled with schoolin,g to complete works.
